12V Upright

Super efficient and reliable fridges for caravans, canopies, 4WD's, RV's, boats, trucks, buses, campervans, sheds, shacks and off grid living.

DC-X SERIES

Bushman DC-X series of upright fridges are high quality, low power fridges with a sleek matt black finish.

All Bushman DC-X model fridges have custom built Bushman cooling systems to handle the Aussie heat, a simple and reliable design for years of trouble free use, and are backed up by our legendary customer service.

DC-L SERIES

Our two door DC190-L fridge is designed for ultra low-power use and efficiency even in the hottest weather (43°C). This fridge is designed by Bushman from the ground up, making it exceptionally good for all mobile and off-grid situations throughout Australia.

Finished in matt black with powder-coated steel sides, the DC190L can be placed in a free standing position for off-grid living, or installed in a cavity using the supplied mounting frame.

Portable

Since 1982. Still going strong. If you're after a proven reliable, extra-low power and versatile portable fridge, you're in the right place.

Bushman has been building the highest quality portable fridges and accessories for over 20 years. We don't make fridges to look fancy, we don't make them out of plastic, and we certainly don't include unnecessary gimmicks like wifi or Bluetooth.

We believe a fridge should stay cold regardless of what you throw at it – and should always be at the temperature you set it to. To do this, we keep things pretty simple. After all, we believe that simplicity is the key to reliability.

If we're going to do something – we do it properly. If it works – we don't touch it. But if it breaks – we fix it straight away.

Welcome to Bushman Portable.

Roadie

15 LITRE FRIDGE / FREEZER

Super Compact + Premium Quality Fridge / Freezer

One of our best fridges, is also our smallest. The 15 litre Roadie really is best in class. It has an extensively modified and Bushman approved cooling system to reduce energy consumption. This will save you power, improve cooling performance and increase the life of your compressor. With a unique 31cm tall interior and narrow width, the Roadie is small enough to fit almost anywhere, but big enough to hold everything you need for a long drive. You can even stand up 1.25L soft drink bottles, champagne and wine bottles.

Keep a Bushman Roadie close and handy in your 4WD, RV, car, truck or agricultural equipment as the perfect centre console style fridge. The Roadie is also backed up by a full 5 year compressor warranty and lifetime support from Bushman approved workshops Australia wide. And yes, you can use the Roadie as a dedicated freezer too.

FEATURES

Bushman reliable

- Local Australian quality control
- Nidec Danfoss compressor
- Custom soft rubber feet absorb vibrations
- Extra ventilation reduces heat to increase compressor life
- Powder-coated steel cabinet

Light on power

- Custom and oversize ventilation on the front and sides
- Wire on tube condenser for faster heat release and to reduce dust build up

- Average 0.58 Amp/hr over 24hrs (25° ambient, 4° fridge, 12V system)
- Genuine Bushman approved cooling system
- Modified thermostat settings and software

Easy to use

- 15 Litre overall capacity
- Taller design 380mm high to accommodate 1.25L soft drink bottles
- Insulated drink holders to keep your drinks cooler
- Narrow design to fit anywhere
- Magnetic lid seal
- Reversible lid hinges

WHAT'S INCLUDED

- Transit cover
- Tie down brackets
- Shoulder carry strap
- Cam buckle straps

WARRANTY

5 year compressor warranty

Original Bushman Fridge

Driving and touring

Since 1998 our customers have thrown everything at this fridge. Rain - Hail - Sunshine, and it's still going strong. If you want a fridge that's extremely light on power and proven reliable for more than 2 decades, look no further. The Original Bushman Fridge stands the test of time, 20 years and counting. In 35L this is a great size fridge to use as your daily go-to, or as a true deep-freezer. At only 380mm high it fits easily in a tight spot, like under a bunk or in the back of a ute with a hard tonneau cover. Want more out of your fridge? The 35-52L comes with an Extension Kit (which you can also purchase separately at any time if you opt for the 35L).

----- Additional capacity achieved using the 35L-52L Extension Kit

Original Bushman Fridge SC35

Extremely happy with my Bushman's fridge and after-sales service.

Extremely impressed with the energy efficiency of this fridge. Used for 130 hours with 100 amp-hour lithium battery (this included two restarts from normal room temp). Very quiet. It's easy to organise food with its 3 basket system. Surprised how much can fit when packed correctly. Had looked at a cheaper fridge but was so pleased I paid the extra. Have twice had to phone Tom at their office in Victoria. Happy to take the time to answer my questions and great not having to go via a third-party service centre. Would highly recommend this product.

Michael, June 2022

Old School Quality, Reliability and Function

I ordered the black 190 litre Bushman to replace the 3-way in a recently purchased caravan. When ordering Bushman explained that they were waiting for a new delivery, and this seemed OK.

I subsequently discovered a local supplier with stock and mentioned this to Bushman. They said they'd happily refund my payment in full, but make sure the supplier had stock before cancelling the order. Long story short, picked up fridge from supplier and received a full refund from Bushman immediately. This is above and beyond service and made a very positive and lasting impression!

Richard, June 2022

You can't beat a Bushman

I own both the Roadie SC15 and Original SC35, both are very efficient and quiet. I can't imagine living without them. The Roadie is perfect for small getaways. Set the temp to 0 and your beers are super cold by the time you get to the destination. The SC35, no matter how hot it's outside/in the car, the fridge is always spot on with its temp. You won't find a better fridge!

David, April 2022

Awesome product and even better service.

This fridge is an absolute ripper. Super well finished and quiet and the customer service has been second to none. Will definitely be going back for another in the future and recommending them to anyone looking for a fridge.
