

CROMTECH OUTBACK 2.4KW INVERTER GENERATOR

The Cromtech Outback inverter generator 2.4KW is the most compact and lightest model in its class. This model is ideal for camping, caravanning & RVs due to its compact suitcase shape. It is also suitable to power portable fridge freezers, a small office and small power tools.

Some key features include two AC power outlets, two USB outlets and also a 12V DC outlet. The fuel-saving eco-mode minimises fuel consumption and allows for up to 20 hours* use on 5 litres of fuel. There is also a bonus dust cover for storage and to protect it from the weather.

Crommelins Machinery hand-selected this inverter generator for its recreational and domestic use. It is confidently backed with an Australian wide two-year Cromtech domestic warranty and also local service agents covering every part of Australia.

STANDARD FEATURES

- Two AC power outlets (230V)
- USB Outlets (5V-2 Amp)
- DC Outlet (12V-8Amp)
